EYE-TO-EYE STATUE AVAILABLE FOR PURCHASE

The Vision for Animals Foundation has teamed up with artist Jim Gion, who created the "Eye-to-Eye" statue which sold during the VAF auction at the ACVO conference in Chicago, to sell a limited number (50) of 'Eye-to-Eye' commissioned bronzes to ACVO Diplomates as a fundraiser.

The following pieces are available:

1) Reduced sized maquettes (male or female subjects) - approximately 4"x 8" x12" in size and will weigh around 20 pounds. The cost of this bronze would be \$1,150 plus shipping of about \$100 to anywhere in the US (out of country would be more). Shipping would be "foamed in place and insured" as per the artist. Approximately \$150 of this price would be deductible as a donation to the VAF.

2) A limited number of full sized bronzes (male or female subjects) - 7" x 16" x32" in size. The artist didn't quote the weight but I recall it was over 100 lbs at the ACVO conference. The price for this piece will be \$5,000. Shipping to anywhere in the US is about \$300 additional. It would also be foamed in place and insured. Approximately \$1,500 of this price would be deductible as a donation to the VAF.

The artist has made these available to the VAF at wholesale to allow us to promote this as a fund raiser. Currently these are being offered only to VAF Diplomates.
